

### Baigorri Blanco fermentado en Barrica

---

**Description.** A white wine elaborated with destalked Viura grapes, hand-selected one by one, using vibration and sorting tables.

**Elaboration.** Fermented and aged in new French oak barrels on the lees with regular batonage for months. The specific toasting of the wood allows you to enjoy this magnificent wine without waiting for long aging in the barrel, thus avoiding oxidation. Alcohol volume: 13.5%

**Tasting.** An attractive gold colour, intense to the nose; the aromas are strengthened by aging in the barrel on the lees. The fruity and balsamic sensations are remarkable. Silky in the mouth and despite its alcohol volume very well balanced. Long and intense finale.
